The Palladium can not be responsible for errors made if instructions are given over the telephone.

## Preble County Prosperity.

It becomes commonplace to talk of the prosperity of Preble county. For many years this political unit of Ohio has enjoyed the distinction of being one of the wealthiest political units in Ohio. A news dispatch from Eaton yesterday stated that the personal property value for taxation this year exceeds last year's figure by \$250,000. This is a large sum to add to the county tax sheets in one year. It is surprisingly large when one considers that there is no large city in Preble county, and that the increase must be traced to farm and town residents. Eaton alone has returned personal property valued at \$1,263,900. The grand total for the county is \$9,378,770.

## Touching the Button.

Life is rapidly being reduced to the simple process of touching the button. Whether one de-

sires an automobile or a glass of water, whether he desires to turn on a light or start the wheels of a factory, all he has to do is to touch a button. They are dotted all over the modern residences and the offices; they are encountered in the stores and shops; they are seen on the street cars, in the railway trains and at the stations.

The most ponderous machinery starts and stops stops at the pushing of a button. The button may be a thousand miles removed; it makes no difference. The wheels respond to the touch of a finger—a fairy tale that is before us all the time. The great pipe organs at the churches operate the same way, and the fan that cools us starts or stops in response to the commands of the little dark disc somewhere upon the walls. And now comes a new firm—a Dayton firm at that—and gives the button to the farmer. All he has to do is to touch a button, and his home is lighted, or washing machine begins to wash or his churn begins to churn. We in the city who have seen the advantages of the button, congratulate our farmer friends that they, too, are to have the blessed privilege of pressing one.

The manager of the great establishment sits at his desk, alone in the quiet room where he works out his plans. There is a row of buttons on his desk, or just beneath it. He presses one, and a messenger enters, or another, and a stenographer comes, with pad in hand to take the dictations he is about to give. Or, he summons the foreman from a distant workshop to his side, by pressing still another button, or the treasurer of the corporation, or some other officer, through the pressure exerted upon still other buttons. Verily, it is an age of buttons, with the thin wire woven through our daily actions like the webs of spiders' trailing across the meadows.—Dayton News.

**THE SUMMER GIRL.**  
Although demure and innocent the Summer Girl may seem—  
And that she's not we wouldn't dare assert—  
There's a look of hidden mischief in her eyes, a subtle gleam.  
That makes us wonder if she wouldn't flirt.  
Find a summer man.

## LYNN MAN LOSES FORD; JOY RIDERS TAKE SPIN

LYNN, Ind., June 24.—Misses Elizabeth and Jennie Williams and Effie Martin of Richmond are camping at Beechwood camp. Blanch Shook is visiting Ollie Shook at Losantville. Mrs. S. D. Adams and daughter Cleo are attending the Sunday school convention at Muncie. A crowd of high school students from Milton spent Tuesday with Miss Veva Witter and helped her celebrate her birthday. Dr. Kinsey of Richmond made an examination of Raymond Miller, little son of Rev. C. F. Miller and gave them little hopes of his recovery. Miss Lucile and Esther Nichols spent Friday in Richmond. Rev. E. C. Hallman has returned from Lake

James after a pleasant vacation at the lake. Mr. and Mrs. E. B. Hopkins, Mr. and Mrs. D. M. Anderson came home Thursday after a trip to the lakes. O. A. Frazier who was attending the Friends convention at Muncie, was badly frightened. When he was ready to return home he found his Ford gone. The machine was recovered at 3 o'clock in the morning and was supposed to have been taken by "joy riders."

The plaitain, a large, coarse banana, suitable for cooking, is a food staple of the tropics. The people of the United States thus far have not been educated to its use.

## Pershing at Front

GEN. JOHN PERSHING.

This picture of General John Pershing, commander of the expeditionary force in Mexico, which has been attacked by Carranzistas, according to reports, was made at his headquarters at Namiquipa, his southernmost base in Mexico.

## REPORT GERMANS ACTIVE IN MEXICO

WASHINGTON, June 24.—Advises received here from Mexico allege that the German representatives there have encouraged General Carranza and the officers of the de facto government in their opposition to the United States troops remaining in that country. The form of encouragement was said to have been moral, rather than material. The reports declare further that German citizens in Mexico are treated with great consideration, their property not being molested. Some Americans have placed their property in the hands of German friends on leaving Mexico.

This information was disclosed by a competent authority in connection with information concerning the activity in Mexican affairs of Captain Franz von Rintelen, now under indictment in New York for conspiracy to foment strikes in American munitions plants and under arrest in England.

The cost of government meat inspection is said to amount to 4 cents per capita annually.

## A Little Blossom To Delight the Home

When it is known that in the near future the home is to be blessed with a new arrival the first thought should be "Mother's Friend." This is an external remedy gently applied over the stomach muscles. It makes them firm and pliant, they expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the pain incident to the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."

The directions are simple. Get it at any drug store. It is applied by the expectant mother herself, it penetrates deeply and affords quick and splendid relief in a most gratifying manner and reflects a physical betterment to the nervous disposition of the baby. Don't fail to get a bottle of "Mother's Friend" today and then write Bradford Regulator Co., 418 Lamar Bldg., Atlanta, Ga. for a pretty little book bristling with information for expectant mothers. It is a delight to read it.

## ECONOMIC CLUB CLOSES YEAR'S WORK

ECONOMY, Ind., June 24.—The Home Economics Study club meeting Thursday afternoon at the home of Miss Dora Peirce was splendid. There were twenty-three members present and the following visitors: Mrs. Lizzie Bullard of Richmond, Mrs. Jennie Veal and Miss Bessie Albertson, of Lafayette. Juno's drink, clover hearts and rose petal candy were the dainty refreshments served.

Roll call was responded to by Riley quotations. Report of secretary, Mrs. Ruby Manning. Report of treasurer, Miss Addie Pugh. Cotton and Linen—Mrs. Ray Ballard. Wool and Silk—Miss Blanche Pennington. Mrs. Ruby Manning gave a review of the work accomplished since the organization came into existence. It being the last meeting for the year it was decided to hold an all day picnic at Price's Lake on July Fourth. The Community club of Modoc are invited to attend with all their friends.

## Dry Cleaners for the Whole Family

We're friends of the whole family. There's a service we can render every member from father down to little Jimmie.

As we all know, father's a particular man. But he's economical. He always wears a suit a couple of seasons because he knows the Dennis cleaners make them look like new.

Mother, too, with all her desire to be well dressed, has an eye to economy. And she is both well dressed and economical because her waists, gowns, skirts and dresses are cleaned or dyed by the Dennis cleaners.

The children, who are terrors on clothes, cause the folks no trouble. Mother lets the Dennis cleaners take the children's clothes worry off her mind.
